

I Save the  
Earth!

The Earth is my  
home! I need to  
take care of it.

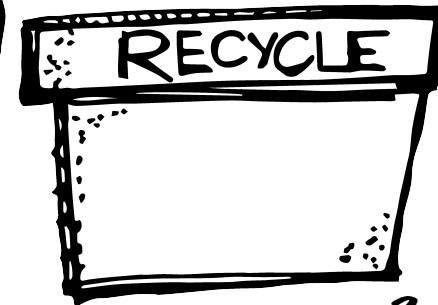

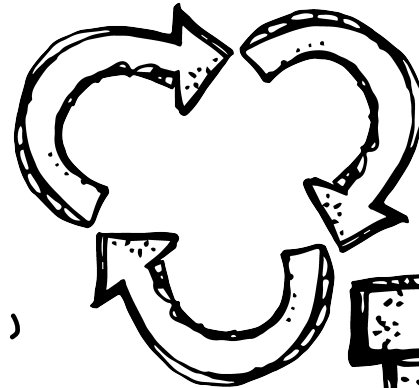

I conserve water!  
I turn off the faucet  
when I brush my teeth.

2.

I recycle!  
I know that paper,  
bottles, and cans can  
be re-used.

3.

I garden!  
I know that planting  
flowers and trees helps  
the Earth.

This is another way that I save the Earth.

5.
