

# The Three R's

We can make choices that will protect the environment and help keep the earth clean. One thing we can do is reduce, or use less things that make trash. Another thing we can do is to reuse things. This means instead of throwing something away, we think of a new way to use it. Finally, we can recycle. Some things such as paper, plastic, and cans can be recycled and used to make new things.

# The Three R's

Name \_\_\_\_\_

1

I know the  
three R's.

**Reduce**  
**Reuse**  
**Recycle**

2

Reduce means  
to use less.

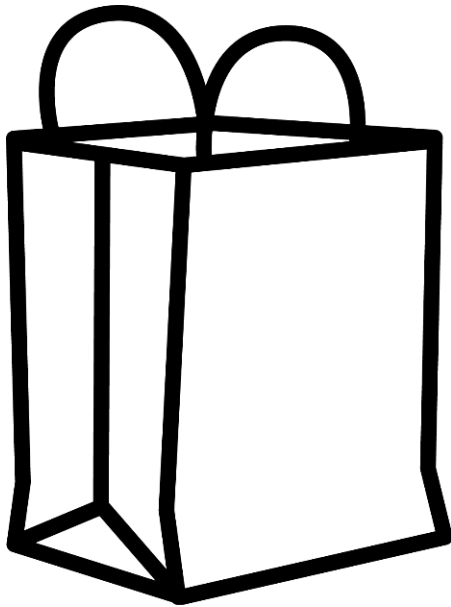

3

I can use  
less water.

4

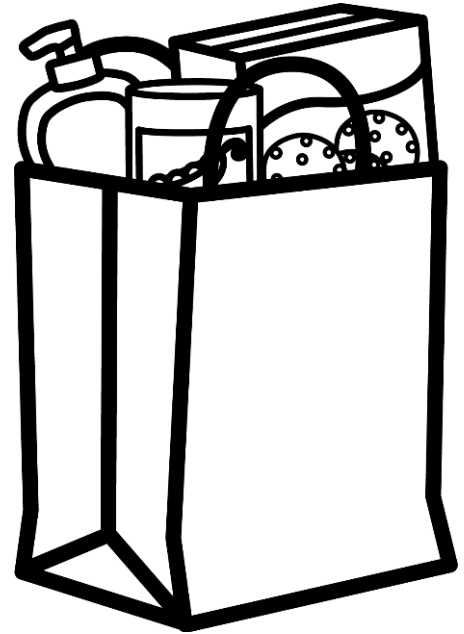

Reuse means  
to use again.

5

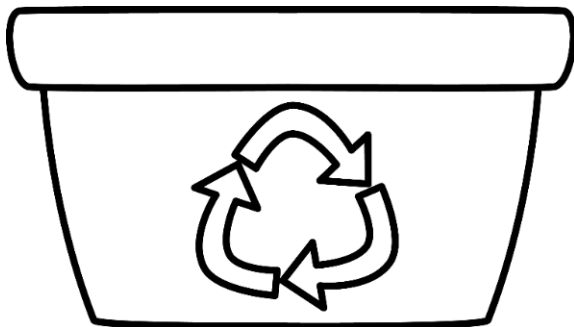

©Mrs. Thompson's Treasures

I can reuse  
bags.

6

Recycle means  
to make new.

7

I can recycle  
paper, plastic,  
and cans.
